- Strong Communication
- Adaptability
- Time Management
- Quick Learner

LANGUAGE

English
Sinhala

About Me

A confident and self-motivated IT graduate with strong interpersonal, analytical and technical skills. Passionate about learning new technologies, solving problems and applying theoretical knowledge to real-world software development tasks. I value teamwork, integrity and continuous improvement, and I am eager to take on new challenges that support both personal and professional growth. Currently seeking an internship opportunity to gain practical experience and contribute meaningfully to an innovative IT team.

EDUCATION
